

# S a m a n t h a !

**Hi - I'm Samantha!** I am very sweet and love to play—as most 18 month old pups do. I love to show my affection and will gladly give a “kiss” to anyone. (My prior owner even thought I prevented acne with my kisses on her teen son!)

I had a great time with my prior family but they had an older human move in with a bad disease called Alzheimer's—and she was afraid of the canine species...so out I went and here I am.

I have already been spayed (phew!), have my shots, have been microchipped and even come with a month of free pet insurance! All this and lots of lovin' too!

Please visit [www.tailsct.org](http://www.tailsct.org) for more information on me or you can contact my TAILS friends at (203)222-1992/ [info@tailsct.org](mailto:info@tailsct.org) for more information about adopting me!
